Pursuant to provisions of the code, the Committee of Creditors of MFL had approved the resolution plan submitted by Deccan Value Investors L.P (DVI) through e-voting process on August 24, 2018. The resolution plan, as approved by the Committee of Creditors of MFL, had also been subsequently submitted to Hon'ble National Company Law Tribunal (NCLT) "Mumbai Bench' for consideration and approval as per the provisions of the Code. However DVI withdrew their application while the same was pending for approval form the Hon'ble NCLT. The matter was litigated in NCLT and NCLAT and is currently sub judice in Hon'ble Supreme Court of India. In the meanwhile the Company is presently undergoing CIRP and the Resolution Process is underway in line with the provisions of IBC. Accordingly audited financial results for the quarter ended March 31, 2020 have been prepared on a going concern basis.

As the powers of the Board of Directors have been suspended, the above results have not been adopted by the Board of Directors. However, the same have been signed by Resolution Professional of the Company confirming accuracy & completeness of the results on 06th January, 2021. The same have also been subjected to Limited Review by the Statutory Auditor.

The COVID-19 pandemic outbreak across the nation and worldwide and Consequential nationwide lock down imposed since March 24, 2020, has caused a significant decline and volatility in the global as well as Indian Financial markets and slowdown in the economic activities. For the Company, the focus immediately shifted to ensuring the health and well-being of all employees' the Company. The Company is sensitive about the impact of the pandemic on its business operations which will be realized on the future financial results of the company.

5. The register indicating the relevant record of fixed assets in terms of its nature, classification, location, quantity, value, date of capitalisation, etc is not available with the company and same has also been highlighted by the statutory auditors in their report. Accordingly, the depreciation on assets for current year have been calculated based on erstwhile amounts following the Straight line method of depreciation accounting.

Major investments of the company are in Castex Technologies Limited of INR 34,347.75 lakhs which is a financially stressed company and is under Corporate Insolvency Resolution process (CIRP) from 20.12.2017. However, impairment on the values of same is not ascertained as on date

Considering the current operating levels of the Company, and the ongoing CIRP it is not possible to determine: a. Impairment, if any, in the economic value of the Property, Plant & Equipment, CWIP and tools & dies; b. Diminution, if any, in the value of investments.

 As per the Code the RP has to receive, collate and reconcile all the claims submitted by the creditors of the company. Such claims can be admitted to the RP during the CIRP, till the approval of a resolution plan by the CoC. The RP has verified and admitted the claims submitted by the creditors against the company as per the Code. Pending finalisation

of resolution plan, the impact of such claims if any that may also has not been considered in the preparation of the financial statements. Further, interest on the financial debt from the date of commencement of CIRP (i.e. from 15th December 2017 till 30th June 2020) has not been provided in the books of accounts and charged to the Profit and Loss account.

Trade receivables, Loans & Advances and other recoverable at March 31, 2020, which also includes balances from the group entities, are subject to confirmation/reconciliation and recover ability assessment thereof is under process. In furtherance, we have sent Letter and notices to long due customers for recoveries of their outstanding balances. We are yet to receive any response from them and further we are initiating legal action against such long due customers.

10. The company is in the business of manufacturing steel forging products and hence has only one reportable operating segment as per IND AS 108 "operating segments" Considering the ongoing Corporate Insolvency Resolution Process, the uncertainty as to the realisation of unused tax losses and MAT credit available cannot be ascertained at this stage. Constituently, adjustment to Deferred Tax (Net)
